

**PINWHEELS FOR PREVENTION  
IN HONOR OF  
CHILD ABUSE PREVENTION MONTH (APRIL 2019)**

**PINWHEELS FOR PREVENTION** is a national initiative of Prevent Child Abuse America. Each year, CARE House of Oakland County uses the pinwheel to signify the carefree childhood every kid deserves during Child Abuse Prevention Month.

Estimates show our nation could save \$80 billion dollars annually by implementing strategies we know will create strong and healthy families. Children raised in nurturing homes are more academically and financially successful, and contribute to society in positive ways.

CARE House of Oakland County advocates for the safety of all children, and acts as a leading resource in the prevention of child abuse, and the protection of children through intervention, treatment, education, training and research.

**There are many ways to participate, and you can find detailed information [here](#).**

We hope you will consider supporting CARE House's efforts to prevent child abuse by sponsoring PINWHEELS FOR PREVENTION this year.

**Presenting Sponsor \$20,000 (Exclusivity)**

- Logo recognition as Presenting Sponsor on all printed materials including Pinwheel Garden signs; fliers sent home with elementary school-aged children in Oakland County; invitations to community events throughout the month of April
